

NATA's "FBOs: Above and Beyond" initiative highlights the extraordinary services provided by our Fixed Base Operator (FBO) members. The association's goal is to provide a well-rounded perspective on the FBO industry, directly from those with first-hand experience.

Signature Flight Support Key West Responds to Hurricane Irma

Key West is a beautiful vacation destination, known for breathtaking sunsets, incredible seafood, and tangy limes. However, they are also at risk for hurricane damage and ensuring the safety and well-being of the Keys requires everyone to pitch in.

During the 2017 hurricane season, Hurricane Irma made landfall in Key West, causing significant damage across the island, including to the airport. It was crucial that the airport be open to receive supplies and relief workers. Signature Flight Support employees worked tirelessly to get everything up and running again so this could happen.

Don DeGraw, the director of Key West International Airport, was especially grateful to the Signature staff for their work to get the airport functional after the disaster. He said, "Without your strong team work oriented leadership skills and commitment to the airport, the community and to your customers, the entire lower keys area would have experienced delays in life and property saving support from the military and other emergency response organizations."

Signature Flight Support Teterboro and the Aviation Hall of Fame Museum

For almost 20 years, Signature Flight Support's Teterboro location has been working with the Aviation Hall of Fame and Museum of New Jersey to educate the general public about New Jersey's unparalleled contribution to the development of human flight.

Founded in 1972, **the Aviation Hall of Fame and Museum** is a local museum dedicated to preserving New Jersey's aviation and space heritage. The museum highlights the outstanding aeronautical achievements of men and women who have brought worldwide recognition to New Jersey by enshrining them in their Hall of Fame. The museum displays historic aircraft, air and space artifacts, photographs, fine art, and an extensive model collection.

Every year, Signature Flight Support Teterboro shows their support for the Hall of Fame and Museum by attending their annual dinner, at which the museum recognizes three New Jersey natives who have made major contributions to New Jersey's aerospace industry.

Additionally, Signature has applied three times to their parent company BBA's Charitable Giving Program and been selected to award a total of \$50,000 in donations to the Hall of Fame and Museum. These donations help educate and encourage young people to consider a career in the aerospace industry, a priority for both the museum and Signature Flight Support.

Signature also donates its time on the ground at the Museum's Annual Wings and Wheels Expo, donating fuel and manpower along with shuttles to and from the event. The event showcases vintage and military aircraft, along with classic cars and more.

Signature Teterboro is proud of their partnership with the Aviation Hall of Fame and Museum of New Jersey and looks forward to working with them for years to come.
